FOR FIRMS, PARTNERSHIPS AND CORPORATIONS:

Give the name of each driller and a record of his experience (on a separate sheet of paper if necessary).

Kansas laws and regulations require Kansas licensed water well contractors and landowners who construct, reconstruct or plug their own water wells to file a water well record with the Department within 30 days after the construction, reconstruction or plugging of a water well (KSA 82a-1212 and KAR 28-30-4(a)).

Filing of "late" well records will subject you to civil penalties and/or other compliance actions. Occasionally, special situations may arise which prevent you from filing a record on time. In these instances, please contact the Department prior to the 30-day deadline so special arrangements can be made to allow you to file the record later.
